## Survey Responses

When will they get more than one phone line?

Within the next few weeks. Parts were ordered last week. All buildings are switching over to a new system so that we manage all lines.

Will there be a New Iberia location opening?

Yes, late fall or early next year.

Demanade location is frequently dirty in the play yard. My tech never writes about how kiddo did that day. I keep track of bowel movements, etc and could use a written statement for doc.

Thanks for the feedback. The staff has been sent a message regarding this and it should improve soon.

Why would a client 3 different techs in one day? Isn't that excessive?

While we try to limit the number of techs our clients see in a day, we sometimes have subs to avoid cancelations/early dismissals. If you have an issue, please contact Ms. Robin directly to further discuss this.
